Weijiang Hong

Website: wj-hong.github.io
GitHub: github.com/WJ-Hong
Email: hongweijiang17@nudt.edu.cn

Research Interests

Formal Methods and Logic with applications to Programming Languages and Software Engineering.

Education

National University of Defense Technology — Changsha, China
Ph.D Candidate in College of Computer — 2020–present

National University of Defense Technology — Changsha, China
M.E in College of Computer — 2017–2019

- Thesis: "A Robustness-oriented Data Augmentation Method for DNN"

Peking University — Beijing, China
B.S. in School of Mathematical Sciences — 2013–2017

- Thesis: "Using Coq for Formal Modeling and Verification of Timed Connectors"

Scholarships and Awards

- Guanghua Scholarship, National University of Defense Technology — 2019
- Award for Academic Excellents, Peking University — 2016
- May 4^{th} Scholarship, Peking University — 2016

Skills

- **Programming:** Python, Matlab, C/C++
- **Tools/Techs:** LaTeX, Git, SQL

Languages

- **Chinese:** Mother tongue, native speaker
- **English:** Proficient, IELTS score: 6.0

Publications
